Mental Health & Wellness Steering Mandate

The Mental Health & Wellness Steering Group mandate is:

Through a variety of education, training and support programs, York University's Mental Health and Wellness Steering Committee strives to promote a more holistic, and integrated approach to campus health that supports academic excellence, employee satisfaction and productivity, as well as the overall success of all York community members.

The Steering Group constitutes of members from various Faculties/Divisions

Why Mental Health is Important?

- Wellness is a pre-condition for learning and working. As such, York seeks to promote a mentally healthy campus community
- The cost implication of disability on York University is \$3.2 million in annual LTD premiums, \$11.3 million in LTD reserves and \$1.3 million in WSIB premiums
- 40% LTD claims are for MH related issues

Community Consultation: Mental Health Priorities

Institutional Framework – identifies policies, resources and services for York University Community, as well as identifies gaps for future development

Questions for discussion:

1. What is your feedback on the MH Framework recommendations?
2. What would you like to add in terms of actions to the recommendations ?
3. What do you think would be the priority action?
4. How do you believe you (or your group) could support in the operationalization of these recommendations?
