

ORS CHECKLIST

Information and Instructions on Completing the ORS Checklist

ORS Grant Applications

Three weeks before the agency's deadline (or the deadline required at a lead applicant's institution), bring a copy of your application to your Faculty-based Research Officer (RO). The RO will review your application and provide feedback. Two weeks before the agency's deadline (or the deadline required at a lead applicant's institution), bring a copy of your application to the Office of Research Services (ORS), along with a completed ORS Checklist. ORS will review the application to ensure that the agency's guidelines and York's commitments have been met. Please ensure that all required signatures have been obtained, both on the application and this checklist. The Research Officer will assist in obtaining required signatures from the Dean and ORS will facilitate institutional signatures. For on-line submissions you will be required to submit a hard copy to ORS for review.

Hard Copy Submissions:

Before the agency's deadline (at least 48 hours except for the most common tri-council grants, see Signature Policy section below for more information), bring the agency's required number of copies plus one additional copy to ORS. ORS will apply institutional signatures and then forward the application and copies directly to the agency or return them to you to be sent. Please indicate your preference on the checklist.

On-Line Submissions:

Once ORS has approved the application for submission, ORS will advise you to proceed with the electronic submission if you have not done so already. Once you have electronically submitted your application, ORS will electronically approve your application.

ORS Research Agreement Applications

The Office of Research Services (ORS) or Faculty-based Research Officers should be involved at the proposal stage in order to appropriately develop and advise on project budgets. Finalized contracts or responses to Requests For Proposals (RFPs) which have not been reviewed by ORS and approved may not be signed by the institution. Please note that a cost centre will not be provided until ORS has an executed contract and a signed ORS Checklist.

In consultation with the PI/Consultant, ORS will review the contract and will negotiate terms and overhead with the sponsor. Once both the PI and ORS are satisfied with the agreement, ORS will facilitate institutional signatures. Please note that PIs, Deans, Chairs and ORU Directors do not have the authority to sign research agreements.

Signature Policy

Please note that except for the most common Tri-Council grants, ORS has a strict 48 hour (two working days) signature practice for all grant applications and contract proposals. More info can be obtained at the following link:
